ABOUT ME

PROFESSIONAL

Hello 🙋 I am a passionate programming professional with 1 year of experience in web application development using technologies like ReactJS, NextJS, TypeScript and Storybook. Also, I have 5 years of experience working with WordPress, which has allowed me to acquire skills in creating and managing websites and online stores. I consider myself a proactive individual with the ability to work in a team. I have an strong passion for continuous learning and improving my skills in the field of web development.

PERSONAL

I'm a man who loves illustrating, MMORPG videogames, music, tattoos and challenges. Actually resident in Medellín, Colombia. Also I spend my free time studying.

EXPERIENCE

WEB DESIGNER & UI DEV
@Freelance | January 2017 - Present

Design & UI development using WordPress templates, CSS and JavaScript.

UX DEVELOPER
@Making Sense | June 2022 - June 2023

Component development using NextJS, Material UI and TypeScript. Component documentation with StoryBook and component testing with Jest. Also, I've worked on a Slack bot using Bolt JS.

WEB DESIGNER & UI DEV
@LWA Marketing Digital | January 2019 - December 2020

Design & UI development using WordPress templates, grid/flex CSS, JavaScript and PHP (basic). I've made adjustments to websites like Colanta, Argos, Mayorca Mall Center, Flamingo, and other ones.

WEB DESIGNER
@Interficto | July 2018 - October 2018

Website developments using WordPress templates, CSS and JavaScript. I've made e-commerce websites using WooCommerce, and migrations with cPanel and WHM.

MULTIMEDIA PRODUCER
@SENA | December 2017 - June 2018

Frontend support in projects. Design & development on websites with HTML, CSS, jQuery, PHP and some libraries like Semantic UI. Character design and basic animations with Toonboom, Adobe Illustrator and Photoshop.
